Hey, thanks for buying this eBook, i promise when you read all pages, and learn successfully how to use this e-whoring method, you will be able to make 100's of Dollars \$\$, but don't expect to get 100\$ on your first time you're doing it, cause you have to get some more knowing about it, and maybe come up with a better way of doing it, that can make you 1k+ (1000+), but for now stay with the method I'm going to explain you now.

Okay, so now I'm going to tell what e-whoring actually is, so if you know it, then just skip to page 2. E-whoring is an easy way to make money on the internet, you can make everything from 5\$ - 300\$ per hour. It's actually where you pretend to be a girl, it's very difficult for the very beginner, but trust me it will become so easy as breathing the air. There is the public way to e-whore, where you find some nude pictures, and sell them to men, you can make 10\$ for 100 pictures, not more, and there is the way to have a program called "Manycam", its where you put in a video of a girl that is do all the stuff that men like (f*gering).

But I'm not going to be showing you how to do "fake" camshows, or selling pictures, I want you to pretend to be a Whore, that goes from place to place and having sex with the man, that you want to rip from money. But of course I don't want you to go from place to place and have ***, e-whoring is social engineering, this means that you're cheating "stupid" people, to give you either money, or services like to do something in another country, actually money is the best thing that you can get from that kind of people. So let's say, that you live in DK (Denmark) it is in Europe, and the man lives in UK, then say, that you want a ticket to UK, and that he needs to pay for the ticket cause "you don't have money", and then he sends you the money to your PayPal, and your rich, and imagine him waiting in the airport for you.

The stuff that you need:

- A PayPal with a hot name (like Jessica)
- An email with a hot name
- At least 30 minutes a day

So, there's two ways to do this method either on chat-avenue.com or craigslist, I personally use craigslist, cause it maximizes the profit, but it takes more time, and there's trustful people, so if they say, that they want to pay you a ticket then they also do it.

But craigslist is more for selling camshows and pictures, not tickets with an airplane.

So first I'm going to tell you how to e-whore on craigslist, cause it's the best way. First you go to craigslist.org and go to the city that is closest to you.

The image is a screenshot of the Craigslist website for Los Angeles. The page layout includes a header with the 'craigslist' logo and navigation links. Below the header, there are several sections: 'community', 'housing', 'jobs', 'personals', 'discussion forums', 'for sale', and 'services'. On the right side, there is a 'nearby cities' list. A blue circle is drawn around this list, highlighting the 'nearby cities' section. The list includes cities like bakersfield, fresno, hanford, imperial co, inland empire, las vegas, los angeles, merced, mohave co, monterey, orange co, palm springs, san diego, san luis obispo, santa barbara, santa maria, tijuana, ventura, visalia-tulare, and yuma. Below the list are links for 'us cities', 'us states', 'canada', and 'cl worldwide'.

There where I've market it with blue, and then you click “women seeking men”.

Okay now we can move to the next step which is pretty simple, just click a checkbox, and you're good to go.

if you are not at least 18 years of age, you may not post in this section!

NOTICE - If you continue with this posting, you understand and agree that:

1. if craigslist believes that you impersonated someone by posting an ad in their name, or with their contact information, without their explicit consent, you authorize craigslist to release any and all information about you to the victim, and
2. if craigslist's actual damages cannot be reasonably determined in a court of law, you agree that you will pay craigslist liquidated damages of \$1,000 for each such violation of our Terms of Use [?].

Which of these most closely matches what you have in mind?

- ☐ missed connection
- ☐ rant and rave
- ☐ strictly platonic (friends only)
- ☐ dating, romance, long term relationship (ltr)
- ☐ sex with no strings attached (nsa)

Continue

I've marked two places, where I'm going to explain what every place means. There where there is a number 2. There you click "sex with no strings attached" and move on to the next step.

And where there is the 1. Number, that's just because craigslist says that they will give you fines, but just ignore it, they can't do you anything I swear, and if you don't trust me, then you can use a proxy or a VPN, but you don't need it, because it's like saying that you need a proxy to search on Google.

please note: your posting will also appear on the main los angeles site.

there is no need to cross-post to more than one area - doing so may get you flagged and/or blocked - thanks!

Choose a random area, if you from the very beginning
chose that you live in Los Angeles, then you will get
exactly this image that I got here, and I just chose “long

And here comes the part that we all had been waiting for,
the part, that makes my method very unique and this is how
it looks In this step.

Posting Description:

[Add / Edit Images](#)

This is where you get real costumers, this is the key to the big \$\$ as I promised. So we of course need a good Posting Title, because a good posting title gets costumers, remember you're a whore now.

So for example in the Posting title we could say "I want to have sex anytime anywhere" that title should get a lot of costumers. Because the first thing lonely men want is free sex. So when you came up with a good posting title, you need to have a Posting Description, it decides if the customer wants you or not. So a good posting title could be "Hello guyz :P, im so horny I wanna have wild sex anytime you want it anywhere." By posting that description you should get a lot of emails, the one after the other, but it's going to be hard to answer them like a girl if you aren't so good in e-whoring, but it will come I'm sure. For example as I said before where I gave an example of what a good description could be, I said "guyz" instead of "guys" and a smiley :P. So you need some more steps to post your thread on craigslist, you need to write the age of the fake girl you're acting like, so mine is 19, cause if I just set it to 18, and free sex and it all, it would look too suspicious, so 19 is a good age, max. 24, and under 18 is illegal. And now you need the email of your fake girl, mine is Nadiapussy@hotmail.com, it's very difficult to get costumers with a manly email. And the last text thing you need is your Location, just set it to the city that you've selected, so mine is going to be "Los Angeles". This was all the text things, now you have to select a pic of a girl (she must be hot), P.S. IT MAY NOT BE A NUDE PIC!!!! Or

else craigslist is going to remove it, and maybe you will get ip-banned. And now you should receive an email from craigslist saying that you need to confirm your post. And then you do that, if you need to verify your phone number, and then go to page 12,

And come back here later, when you learned how to verify SMS verification without a cellphone. So I think you already know that I don't want you to go over to you victim, and bang, but you if you don't get some emails now, then you have to wait for tomorrow, and then I'm sure, that you got it as it should do. If you don't even get an email from a costumer after 2 days, then you maybe haven't verified your post or something, If you really don't know what has gone wrong, then you should contact craigslist, if you don't want to use that, then you maybe should use my second method with chat-avenue on some pages after this one. So let's say that you got an email from an interested costumer, and let's say, that he said, that he wants to fuck you, and he says that he for example live in United Kingdom, then you say, that you for example live in Denmark, and the ticket from Denmark to United Kingdom costs 200\$, then you say that he needs to pay 50%, that's 100\$, and when you see the money on your PayPal account, then you will buy the ticket and fly to UK tomorrow 7 A.M. so he needs to pick you up at 7 o'clock, and of course don't be the drama queen, say that you can't wait to come. So that should be the whole conversation with the guy, and remember to use a lot of smilies and <3's, or else he knows that you're a guy. If you can earn 100\$ on the first time

you're doing the ticket-method, then you have a really good e-whoring carrier. Imagine him waiting in the airport with his friends, waiting just for you, and then he can't find you. It would be sad for him but good for you. And remember always to ask them to send the money as a gift on PayPal, or else they can refund the money, and that wouldn't be funny to lose 100 bucks, cause a while ago I earned 200\$, and 5 minutes later the money was gone, just because he haven't sent it as a gift. But I hope you learned how to use the ticket-method on craigslist, now we will move on to the chat-avenue-ticket-e-whoring-method. Let's say, that you don't want to do all that with craigslist's posting and waiting for an email. Chat-avenue.com is a more direct way to get costumers, but you can only make 50% of that you can make on craigslist maybe even less. But let's get started, when you go to chat-avenue.com, there you can select between a lots of chat rooms, I would suggest to pick either Teen Chat or Adult chat.

And once you click a chat-room that you want to enter, then you need to enter a nickname, as I said before I suggest to pick a sexy name like Nadia, Jessica or Ash, but **REMEMBER** always to put ! before your name

cause then wills your name appear in the top, so it's easy for customers to message you. And then you can enter "18/f/DK Looking for sex tonight, I wanna ride your cock for free. Add me on MSN <your MSN>" And im sure that you will get at least 5 invites per minute, and that its going to be succeed every 6th time you get a costumer, and remember to say that he needs to send it on your paypal email, just 50% of the tickets price, or else he wants to buy you the ticket. Now I think you know the rest as I explained in the craigslist section, it's the same; the onlyest difference is the way to get costumers. So you should get 1 costumer every 10 sec, but only 1/20 of the costumers will pay for the ticket from Chat-avenue. So that was all I had for you guys, with this e-whoring method, but as I promised before, that I would tell how to SMS verify your craigslist post, without a cellphone.

Go to <http://pinger.com/textfree>, there you can send and receive unlimited SMS'es, for free. So when you go the pinger.com/textfree , there you can see, that you need to register, so make an user and the first part of the registration is pretty easy, you just click “create account”.
