1. Bags, bags, bags! They exist in any fashionista's closet. Usually one is not enough, so thanks very much for the variety and the incredible design nikaonishko.tumblr. We love them, even as a deco item.

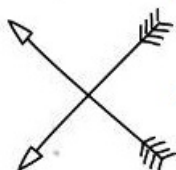

2. Geometry? Hot! Denim? A major trend as always! Get them both at [Nikaonishko's tumblr](http://nikaonishko.tumblr).

3. FerG couture brought us the Balmain collection for our monthly dose of posh! Get the outfits at fergnty.tumblr. +We fell in love with the third one <3

4. Apart from fashion statement, we are still in the middle of winter! We still need to stay warm, and stay stylish in the same time. Jeans and knitwear is the perfect pair for the job. Get yours at sims2city.com
